REVIEW OF AN EPISODE OF TELEVISION I FOUND ON AN OLD VHS TAPE:

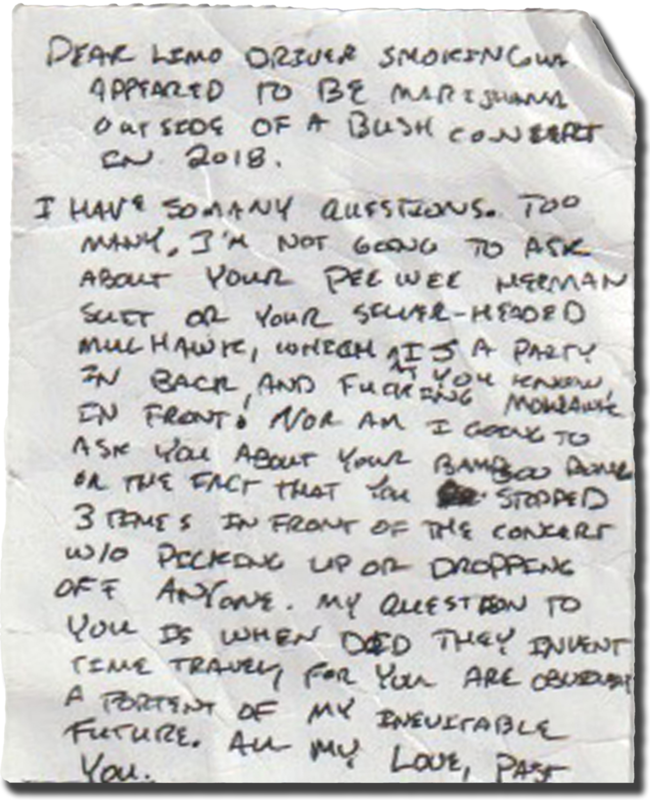

NEWSRADIO S04E13
"WHO'S THE BOSS, PT. 2"

Lisa had been the boss for a while because of nonsense that made the show worse. For reasons I can't remember in pt. 1, neither one wanted to be boss. They couldn't decide, so Jimmy makes them debate on the same day that Matthew is debating no one for floor fire marshal, and Joe's brothers show up and start fighting. In the end, Dave is chosen since he got zero votes.

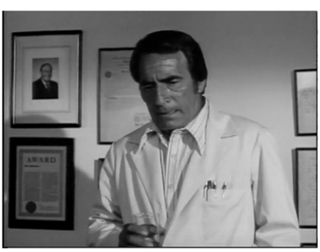

What was once my favorite show becomes very difficult to watch given Joe Rogan and Andy Dick's futures. As usual for this show, Phil Hartman and Stephen Root shine. Root, specifically, plays the most unrealistic billionaire on television: one who cares about his employees.

LOST AND FOUND
OLD COMEDY NOTES

Dear limo driver smoking what appeared to be marijuana outside of a Bush concert in 2018.

I have so many questions. Too many. I'm not going to ask about your Pee Wee Herman suit or your silver-headed mullhawk, which is a party in back and fucking you know mohawk in front! Nor am I going to ask you about your bamboo bong or the fact that you stopped 3 times in front of the concert w/o picking up or dropping off anyone. My question to you is when did they invent time travel for you are obviously a portent of my inevitable future. All my love, Past You.

Do you ever feel like a stack of glazed ham in a lab coat?

I don't wear a lab coat, Dale.

Yes. I see that now.

I declare today "Taco Tuesday!"

It's Wednesday, sir.

GOOSE SEDUCES WOMAN. HERA UPSET.

Sarah Underwood has two problems. The first problem is that last night, she was seduced by a goose. The second? She now has the queen of the Olympian gods, Hera, mad at her.

“Look, I don’t normally have sex with waterfowl,” Sarah explained to a reporter. “He was just so charming! Plus, he knows Jake Gyllenhaal. He showed me a bunch of pictures of the two of them on his phone. It’s not like I’m looking for a relationship with him. It was definitely a one-night stand.”

This, however, was cold comfort to the goddess of women, marriage, family, and childbirth.

“He did it again. He said he wasn’t going to do it, then he did it again. And another goose! Where does he keep finding woman who will have sex with a goose,” Hera exclaimed.

While it’s unknown the divine retribution coming Underwood’s way, it is known that the goose was able to pick up Underwood at Big Fish, a dive bar on the corner of Division and Kenwood.

“Big Fish shall know my wrath. Sarah Underwood shall know my wrath. All of humanity will suffer for this indignity,” Hera declared, putting the blame on everyone but the goose.

When reached asked for a statement, the goose simply said “Honk,” followed by an ominous thunderclap.

Jake Gyllenhaal could not be reached for comment.

Do you wanna fuck a goblin? sure, we all do. But where does someone even go to FIND a DTF goblin these days?

It's simple, dumbass! Just call (202) 225-4761 and tell the person who answers, "I want to fuck a sex goblin." They'll know what's up.
